Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

From a World War II concentration camp to the Korean War to the White House, this is the story of Tibor Teddy Rubin, the only Holocaust survivor ever to receive a Medal of Honor. After being captured by Nazis and living through a year in the Mauthausen concentration camp, young Hungarian immigrant Tibor Rubin arrived in America, penniless and barely speaking English. In 1950, he volunteered for service in the Korean War. After numerous acts of heroism, including single-handedly defending a hill against enemy soldiers, rescuing a wounded comrade amid sniper fire, and commandeering a machine gun, he was captured and spent two and a half years in captivity. Still, it wasn't until 2005, when Tibor was seventy-six, that he received the Medal of Honor from President George W. Bush making the former Hungarian refugee the only Holocaust survivor to earn America's highest military distinction. Drawing on eyewitness accounts and extensive interviews, Single-Handed is the inspiring account of the life of Tibor Teddy Rubin, a stirring portrait of a true American hero.
